American Society Of Mechanical Engineers

The American Society of Mechanical Engineers "ASME" professional organization focused on technical, educational and research issues of the engineering and technology community. ASME conducts one of the world's largest technical publishing operations, holds numerous technical conferences worldwide, and offers hundreds of professional development courses each year.

[About ASME](#)

ASME & API (American petroleum institution)

This database provides access to the full text of over 30,000 standards. It is one of the leading global providers of critical technical information, decision support tools and related services to researcher in the mechanical, petroleum, energy, defense, aerospace, construction, electronics, and automotive industries.

[About ASME and API](#)

Ovid MEDLINE <1996 to Present>

The world's most comprehensive source of life sciences and biomedical bibliographic information, with nearly eleven million records, provided by the National Library of Medicine.

[Ovid Medline Database Guide](#)

Ovid CAB Abstracts 1990-Present

World-renowned CAB Abstracts is the largest professionally-produced database covering international issues in agriculture, forestry, and allied disciplines in the life sciences. The database contains over 4 million records from over 11,000 journals, books, conferences, reports, and other kinds of literature published internationally.

[Ovid Cab Abstracts Database Guide](#)

Ovid CAB Global Health 1973-Present

Global Health is a specialist international public health database for academics, researchers, public health practitioners, NGOs, policy makers, clinicians, healthcare professionals and students. It contains over a million scientific records from 1973 to the present, with over 70,000 records added each year.
